ERRATUM. — In my paper on "A New Flightless *Dolichoctis* (Coleoptera: Carabidae) from Sumbawa," in *Psyche*, Vol. 76, No. 4, pages 387-389, the name *terrestris* in the next to the last line on page 388 is a *lapsus calami*. This name should be struck out and the name *pedestris* substituted. — P. J. Darlington, Jr., Museum of Comparative Zoology.
